FIVE NEGROES HANGED

Executed in Georgia for the Murder of a Constable.

MEMBERS OF A GANG

The Formed an Order for the extermination of the Whites and Came to Grief—The Leader Is Still at Large.

Sylvania, Ga., June 14.—Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Sam Baldwin, all negroes, were executed in the yard of the jail of Scriven county this afternoon.

These five negroes were convicted of the murder of Milton Sears, committed under alleged criminal conspiracy by an organized band of blacks known as the "Knights of the Archer." The motto of the organization, it is said, was "death to the whites." This gang, under the leadership of the negro desperado known as Andrew McKinney, terrorized for a long time the law abiding negroes of Scriven county, from whom it is said they exacted constant tribute and protection. The murder for which the negroes died was but the culmination of a long series of crimes and misdemeanors of varying degrees.

Others, including McKinney and the real leaders of the "Knights of the Archer," successfully effected their escape and has never been captured.

A negro, at present unknown, writing from Augusta, threatened to assassinate Governor Candler if the execution took place.

EDWARDS NOT CAUGHT.

Excitement Cooling Down Over the Murder of Foster in Louisiana.

Shreveport, June 14.—There has been no lynching of any of the party of negroes who have been under arrest in the adjoining parish of Bossier ever since the murder of young Foster. The strong stand taken by Governor Heard in opposition to any violence, his offer to send troops and the protest of the Foster family against the execution of innocent negroes have apparently had good effect. There is less excitement here now than at any time since the murder.

Planters and business men generally deprecate wholesale lynching or reign of terror for fear it will have the effect of driving negro labor away. That kind of labor has for some time been very scarce in north Louisiana.

Posses are still scouring the country for the negro Edwards, but though numerous rumors of his whereabouts are out, there is no actual trace of him. He may have been able to make his way to New Orleans where among negro dives and barrel houses it would be difficult to locate him.

The latest message by telephone is that all trail of the real murderer was lost. He is supposed to be hidden in the swamps.

At last account all the negroes were still at Kinnebrews store.

"Prophet" Smith, who brought these negroes from Houston, had a rope put round his neck three times with threats of hanging if he did not tell all he knew. He was even suspended for a second. "Prophet" Smith is praying and begging for mercy. The letters found in possession of the negroes show they had contemplated to make trouble. The whole party will be removed to Shreveport as soon as danger of lynching is over.

Murdered a Conductor.

Brunswick, Ga., June 14.—Tricey Griffin, a negro, was hanged here today for murder in October last of E. Marion Latimer, passenger conductor on the Southern railway.

Closing Day's Session.

Philadelphia, June 14.—The concluding session of the Southern Industrial convention was one of the most interesting of the meeting. Business of the day began with the reading of a paper by Paul Capdeville of New Orleans on "Municipal Improvement in the South," an important topic. "Railroads and Their Work for the South" was discussed by several railroad men. "The Press of the South and Its Relation to Industrial Development of the South" was presented by Colonel W. A. Hemphill of The Atlanta Constitution and discussed by representatives of other southern newspapers.

Chief Sharp Nose Dead.

Cheyenne, June 14.—Sharp Nose, chief of the northern Arapahoes, of the Wind River reservation, is dead, aged 66. Many murders have been attributed to him. He was the leader of the tribe, and urged going on the warpath at the slightest provocation. Sharp Nose was the leader of the recent rebellion against the Indian agent at Fort Washakie and his death will have a quieting effect with the Arapahoes.

TEXAS NEWS.

Prisoner Accommodated.

Houston, June 13.—A prisoner here convinced the jury which was sitting in three cases of burglary and theft against him that he wanted a long term and they gave it to him. The negro is Mat Goin, who has done a term in the penitentiary and has sweated many days on convict farms. He pleaded guilty to the charges against him and asked the judge to give him a long sentence, so that he would be kept in the "walls" and would not have to go to the convict farms. The jury accommodated him. The verdict was 50 years in the penitentiary. In the first two cases they gave him 9 years each and in the last 32 years. "Guess that will hold me for a while," said the prisoner as he was led from the courtroom.

Two Crops on Same Grounds.

Brookston, Tex., June 14.—J. B. Steele, a farmer, who lives two miles south of town, has been for the last few years raising a few acres of Irish potatoes for the market by way of diversification, and has found them a reasonably profitable crop. This year he conceived the idea of raising two crops on the same land, and a few weeks ago planted cotton between the rows of potatoes. Wednesday he dug up 10 acres of fine potatoes which he marketed at a good price, and has a good stand of cotton which was not disturbed in digging the potatoes.

Destroys the Weevil.

Navasota, Tex., June 14.—J. O. Stoneham, one of the most extensive planters in this country said that he had been using Prof. Mally's spraying remedies with machines recommended on his cotton with such success that he now thinks it one of the greatest blessings that could have come to the people. His cotton was free from bugs, taking on squares as fast as possible and blooming nicely. He will continue the use of the formulas and spray his cotton crop every 10 days.

Old Woman Pardoned.

Caldwell, Tex., June 14.—Judge E. G. Banks has returned from Austin where he went to ask the governor to pardon Eliza Bradley. She is 65 years old and was convicted last month of killing her husband and given two years in the penitentiary. All the jury has signed the application for her pardon, as did all the officers of the court. The pardon was granted and the action of the governor is commended by people here.

Crashed Through a Car Roof.

Terrell, Tex., June 14.—A piece of casting weighing about 90 pounds was blown by a charge of dynamite a distance of 800 feet and fell on one of the Texas Midland railroad's baggage cars, which was standing in the shops and broke a large hole through the roof. Some men were blasting the casting trying to break it up to recast. The damage to the baggage car is about \$300.

Sensible Order.

Abilene, Tex., June 14.—The city marshal has issued an order forbidden snakes to be turned loose or brought into the city limits. This action is made necessary by snake buyers refusing to buy any more bull snakes. A number of the reptiles have recently been found on the streets.

Diphtheria in Orphan's Home.

Corsicana, June 14.—Several cases of diphtheria have developed at the state orphan's home. The cases have been fully isolated.

Naval Officer Robbed.

San Francisco, June 14.—Lieutenant Commander B. F. Tilley of the United States navy and governor of the American portion of the Samoan islands, was assaulted and robbed by two unknown men. He arrived from Pago Pago on Tuesday and registered at the Occidental hotel. Wednesday night he started for a stroll, intending to view the water front. When in an unfamiliar part of the city, according to his statement, he was passed by two men who turned and suddenly seized him from behind. One grabbed his gold watch chain while the other held him by the throat. A struggle resulted, during which he was struck over the head and across the mouth or thrown down with violence, rendering him unconscious and inflicting two ugly bruises. When he recovered consciousness he made his way to a saloon and was taken to his hotel in a hack.

Thirty Day's Respite.

Little Rock, June 14.—Governor Davis has granted a respite of 30 days in the case of Will Bussey, a negro, under sentence to hang at Camden, June 29, for assault upon Mrs. Thomas Watson, a white woman. The respite was granted in order to allow the taking cognizance of Mrs. Watson's sworn statement that she testified falsely against Bussey, under duress. She alleges that her husband compelled her to convict Bussey because the latter refused to work for Watson.

Will Build to Cordell.

Guthrie, O. T., June 14.—The Blackwell, Enid and Southwestern railroad, a branch of the Frisco, signed a contract to build its line into Cordell, the county seat of Washita county. Under the provisions of the contract the road must reach Cordell by Oct. 1. and be in

THE INNOCENT SUFFER.

Woman Serves Five Years for a Crime She Did Not Commit.

Poughkeepsie, N. Y., June 14.—Elizabeth Doyle, a young married woman of this city, will be released from the House of Refuge at Hudson as soon as possible after an incarceration of five years for a crime which she did not commit.

Her mother, Mrs. Mary Jackson, went to Chief of Police McCabe recently and told him that she had learned of her daughter's innocence. In 1896, when Mrs. Mary O'Brien of Union street, lost a valuable ring. Mrs. Doyle was arrested and sentenced to the House of Refuge. Edmund Doyle, father of the convicted woman's husband, on his deathbed confessed that the ring had been stolen by his grand daughter Maggie Allen. This was two years ago and Edmund Doyle's widow kept the secret until recently when she repeated the confession to Mrs. Jackson.

It was learned that Maggie Allen who had been sent later to the House of Refuge at Rochester, wrote to her grandfather telling him that Elizabeth Doyle was innocent. "It was I that stole the ring," she wrote, "and I want Elizabeth set free." Her grandfather kept this information to himself until two hours before his death. The ring in the meantime had been sent to Chicago and Mrs. Jackson wrote there and caused its return to Mrs. O'Brien.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

VALUE OF GOOD ROADS.

Save Their Cost to Rolling Stock, Not Counting Increase of Lands.

Washington, June 14.—D. F. Hutchinson, president of the board of trustees of Charlotte, N. C., testified before the industrial commission concerning the effort made by Charlotte to establish good roads. He said that 90 miles of macadam road had been established at a probable cost of \$250,000. Convict labor, he said, is used in constructing the roadbeds, as free labor would cost from 30 to 60 per more. Mr. Hutchinson said that the saving in cost to rolling stock was more than equal to the cost of the roads and that the value of farming and other lands lying upon the improved highways has been enhanced 50 per cent since the construction of the new roads.

Offer for Franchises.

Philadelphia, June 14.—The latest move in the granting of street railway franchises by the city council was made by the city council was made Thursday when ex-Postmaster General John W. Wamaker sent a letter to Mayor Ashbridge offering to pay the city \$3,500,000 for the powers, rights and franchises granted and intended to be granted by 14 ordinances of the city council now awaiting the mayor's approval. Mr. Wamaker in his letter says he believes the franchises granted by these ordinances are of enormous money value; that the people will get nothing for their franchises, passengers will have no cheaper transportation and that the only gainers will be those officially interested in the project.

Brown County in a Dilemma.

Brownwood, Tex., June 14.—The grasshopper question is becoming a serious one in this country. The hoppers hatched out early in the spring and the farmers commenced poisoning them at once, still they are making rapid inroad on the crop, cotton more especially. Several head of cattle have suddenly died and it is thought they ate poison intended for the hoppers. The beekeepers complain of their bees dying. It is thought the honey will contain the poison. Fish are also dying, caused by eating the hoppers as they jump in creek. Taking it all in all, it is a question whether it is best to poison the hoppers or let them alone.

Home Rule Party Investigation.

Honolulu, June 7, via San Francisco, June 14.—Judge A. S. Humphreys of the circuit court has ordered the grand jury to investigate acts of the Home Rule party for the purpose of ascertaining where their campaign funds came from and for what purpose they were spent. This action was taken as a result of claim that Home Rule members of the legislature partook of lunches at a well known restaurant and permitted the owner of street car line which was after railway franchises to pay for the meals.

Twenty-five Years in Prison.

Indianapolis, June 14.—Nancy Southward, after an incarceration in the women's prison for a quarter of a century, has been paroled by Gov. Durbin. When the woman entered the prison she was only 22 years of age, a beautiful girl, with black hair and black eyes. When she was released she was doubly aged, her hair white and her eyes almost sightless. She was taken by her brother to a farm in the west. The girl was convicted in 1877 for the murder of twins, born out of wedlock. The girl killed the babes when they were but three or four hours old.

Saved Her Child's Life.

Monett, Mo., June 14.—The 2-year-old child of Mrs. L. D. Camp fell into a cistern here and was saved from drowning by the mother jumping into the cistern, which contained about five feet of water. The mother held her child above the water fully 20 minutes before any one heard her screams and came to their relief.

Fire at Shipyards.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

Mr. J. R. Smith of Reliance was in the city yesterday and in conversation with the Eagle reporter said he was making it rough for the boll weevils on his farm. He has already picked the squares over his cotton twice. He gave some interesting figures in connection with his statement. His two boys picked up 1650 squares in one half day and in these squares they found and destroyed 2000 worms or young weevils, there being sometimes two in one square. He says they never pass a boll weevil and that he is going to keep on picking the squares as long as there is any sign of the weevils left.

CUBAN INDEPENDENCE

Can Be Put in Full Force by the First of January.

AN ELECTORAL LAW.

Cuban Constitutional Convention Must Dispose of Such a Measure Before Independence Can Be Obtained for the Island.

The head and tail

of the matter is simply this—beef cut from animals over three years old is tough, lacks flavor, and is deficient in nourishing juices. We prefer to sell flesh of YOUNG STOCK. It is delicious, tender, rich and nourishing. Much cheaper, though costing a little more money than cuts from old animals. No better meat than that sold at

S. W. BUCHANAN
THE CITY MARKET.

Washington, June 14.—It is expected at a war department that Cuban independence will be an accepted fact by next Christmas. The step in order, now that the Platt amendment is adopted by the constitutional convention, is for that body to take up and pass an electoral bill which will provide for the election of officers necessary to set up an independent government in Cuba. It is said here that such a bill is already framed and ready for submission to the convention at any moment. There is good reason for the belief that Secretary Root has seen this bill and has approved of its provisions, if indeed, he has not actually to do with its construction. It is thought that the convention can dispose of this measure in a week or two and that will complete the labors of the body. A period of 90 days, it is said here, must be allowed for publication of the electoral act before the necessary elections can be held. It may be necessary, and probably will be, to maintain some United States troops in Cuba after the new officials are inaugurated and until the Cubans have had time to set up a Cuban military force of gendarmes, but the length of the stay probably will depend upon the wishes of the Cubans themselves.

St. Johns, N. F., June 14.—Steamer Assyrian which went ashore off Cape Race Thursday night, went to pieces during the night and is now a total wreck.
